

Daytona Beach Radio Control Assoc.
Meeting minutes
June 4, 2011

9:30AM The Present requested to proceed without a quorum.
Motion was made, seconded and carried to proceed.

Reading of the Minutes: The minutes for the April 23, 2011 meeting were read.
A motion was made and a vote taken to except the minutes as read.

Treasures Report: It was reported that the current bank balance was \$6,056.50

Old Business:

The May 28th Swap meet was considered a success. The cost to the club was \$230.00. We took in \$150.00, the 50/50 drawing was \$70.00. However there was enough food left over for the July picnic, only buns will need to be purchased. Lou suggested that we do it again next year. It was suggested that it not be held on the Memorial Day weekend next year. Tony proposed maybe April. Lou said we would discuss the matter at a later meeting.

There was a discussion on the Geo Fabric for the new runway and how we could pay for it. The club has set aside \$1500.00. We would need approx. \$2300.00 in addition. Several pledges were received. There were several thoughts on the matter. 1. Assess the members for \$50.00. 2. Pay next years dues now and use that money. 3. Take additional pledges. Terry said it was a bad idea to use next years dues. It was decided to look for additional pledges. Ron suggested that a dead line of 2 weeks be set for donations. If any residue material would be spread on site we would save \$150.00 per load. The question was raised as to where the Fabric Runway would be located. It was decided to place it in the center of the existing runway. As to a timetable, it would take approx. two weeks.

Clean up around the shed is still to be done; Russ said he had not forgotten about it.

New Business:

A Club picnic will be held July 2, 2011. Lou said to bring your family.

It was noted that Chris had redesigned the Web Site. Good work and thanks Chris.

The work on the pull behind mower is complete and it is working very well.

Being no further business a Motion was made to adjourn. All accepted
